Vintage '75

TRUMBULL

"Striving is owning the grass on the other side of the hill". Claudia Dawley

(Remember me from English? bye! I hope that I see you next year in English!) You're a very witty person!!
P.S. too bad more people aren't like you.

TO a Nice guy who I had fun Talking TO. Good Luck Next year.. Bryon

Scott,
Its been interesting knowing you and I'm not going to write anything ~~at~~ weird so take good care of Schwartz over the summer. Have a great time.
Jackie Hasrick

Scott,
Be cool and have a great summer. By the way you should think about being a news caster.
Gary Moody

To a great mountain climber and even better friend. Keep watching the 'Waltons' and I'll still watch Star Trek!
Joyously yours
Vince Olson

Scott,
And I mean it when I say that it has been an experience knowing you this year. May our paths be parallel and never intersect. So I'm not original. See-ya
Cathy McDermott

Scott,
It I ever
need someone
to laugh (in
a recording) I'll call
on a recording (in
summer. Have a good
& Be good

Bob Clarke

Tumble,
In your travels
try to just roll along
to find new charts.

Good luck
John Rogers
winner

Scott -
I can't really think
of too much to say cuz
you are so close (address wise)
I'll see you over the
summer - and maybe
you should trip to
win Reese or
by then, huh?
Well
good
luck
Love
Lisa

to a very good
guitar player
and a somewhat
less quality Bass Player

Scott,
It was great
a last have
and I'll see you out
Thanks
for talkin' me
when with care.
Brett Sanders

Scott,
You are really
a unique person
with lots of energy
and personality. I'm
sure I'll see you next
year. I'll be looking.
Leslie Zelima

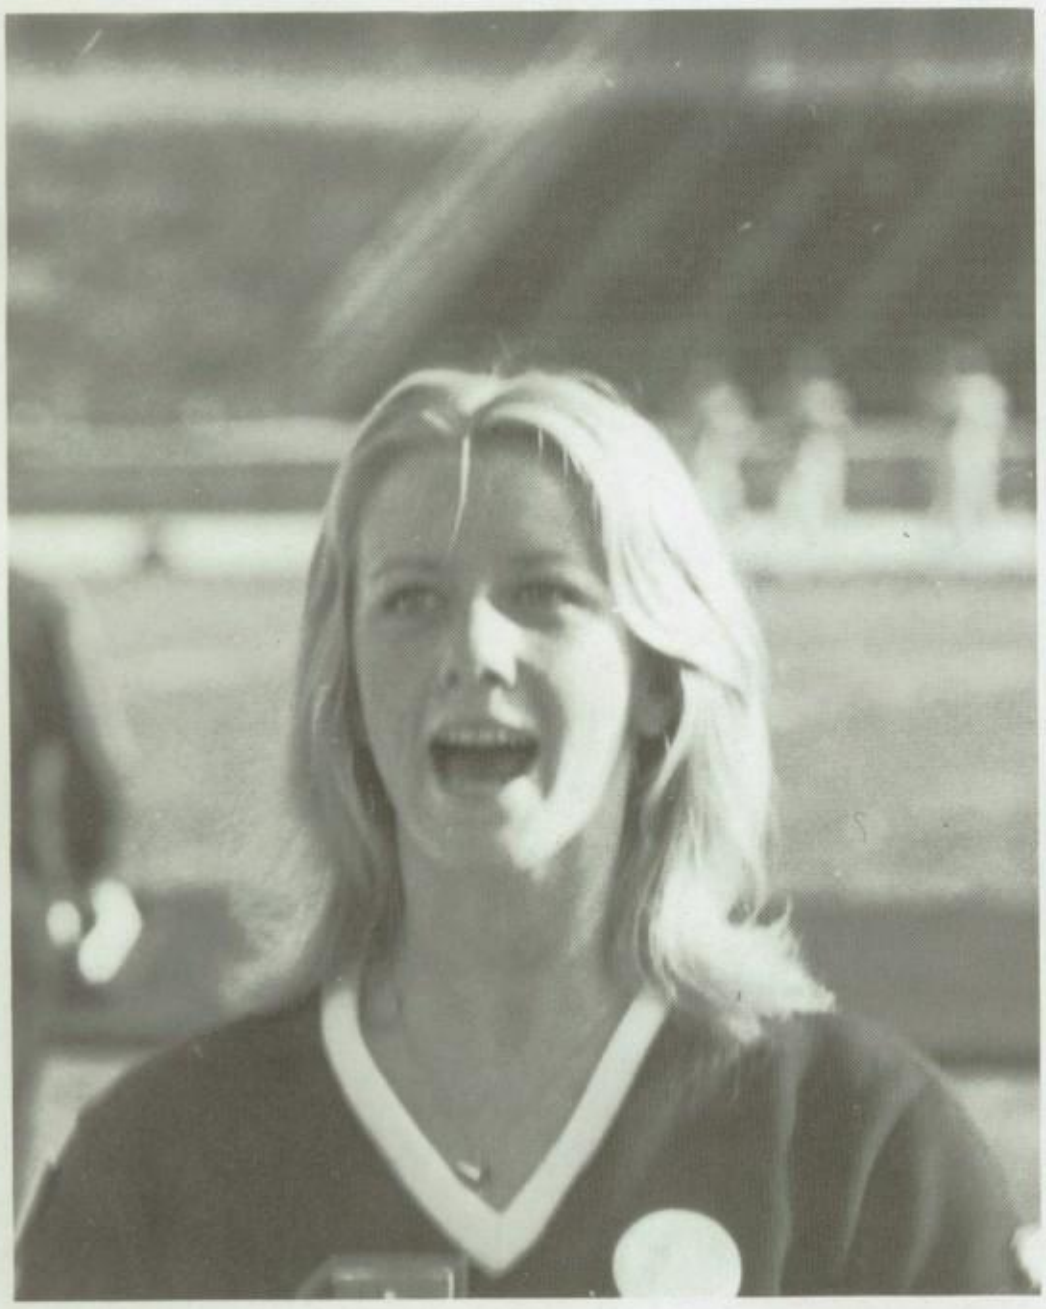
San Jose, Calif.
Volume 13

Strive To Be Happy

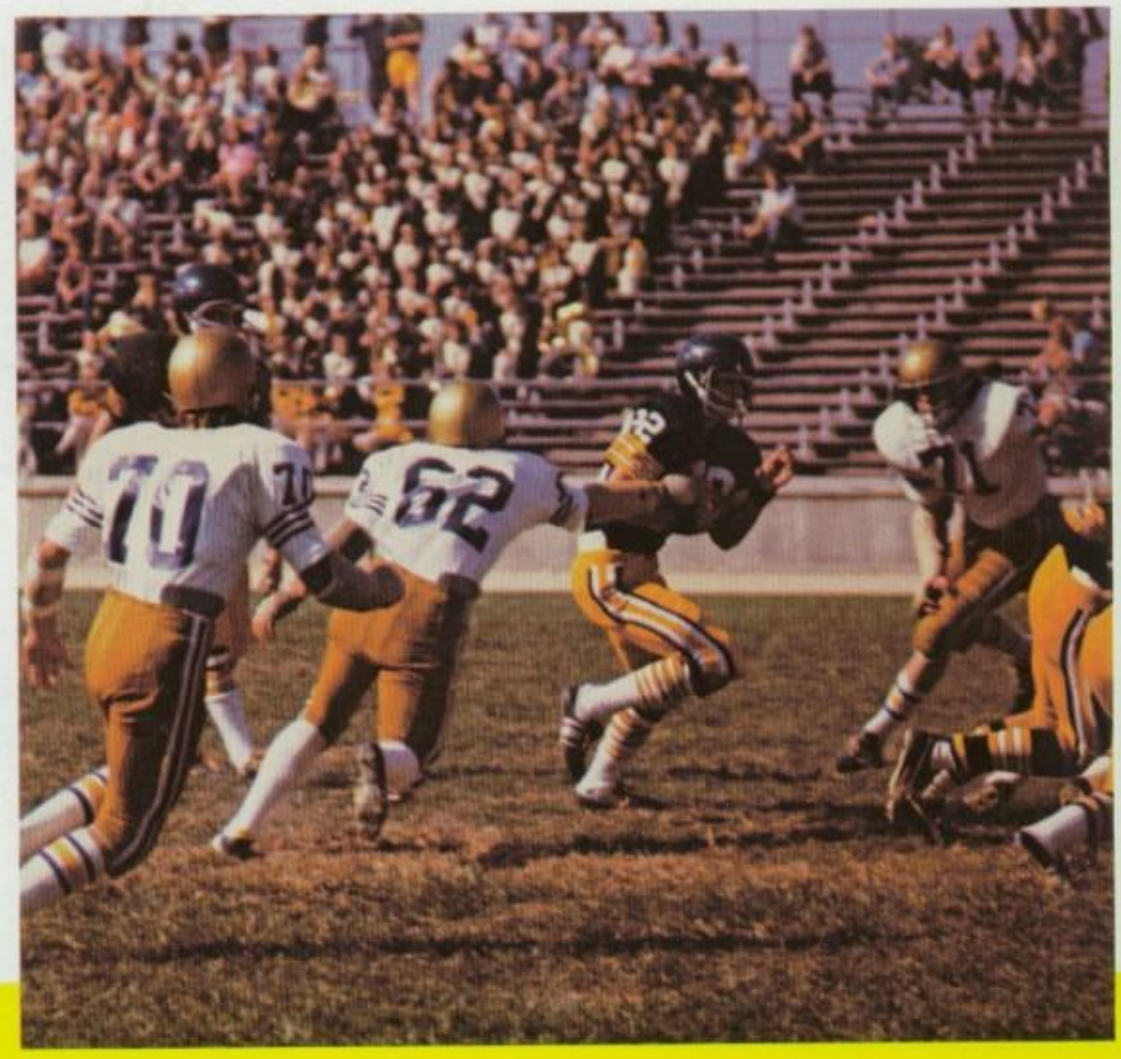


One ought everyday to hear a little music, read a good poem, see a fine picture, and if possible speak a few reasonable words.
-John Von Goeth

Cherish Every Moment

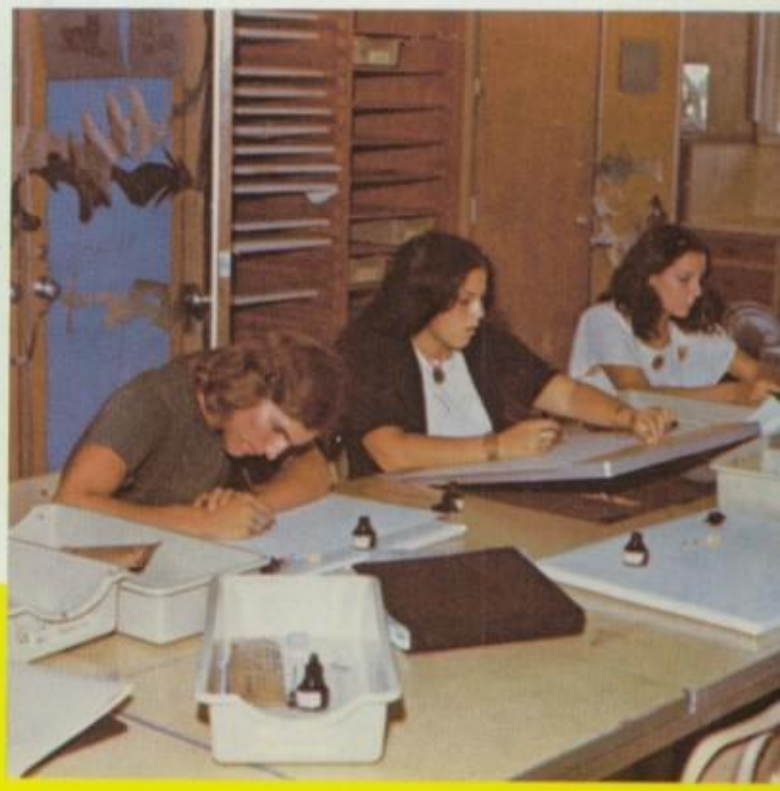
Know the true value of time.
Snatch, seize and enjoy every
moment of it. No idleness, no
laziness, no procrastination.
Never put off until tomorrow
what you can do today.
-Chesterfield

Grow With Every Experience

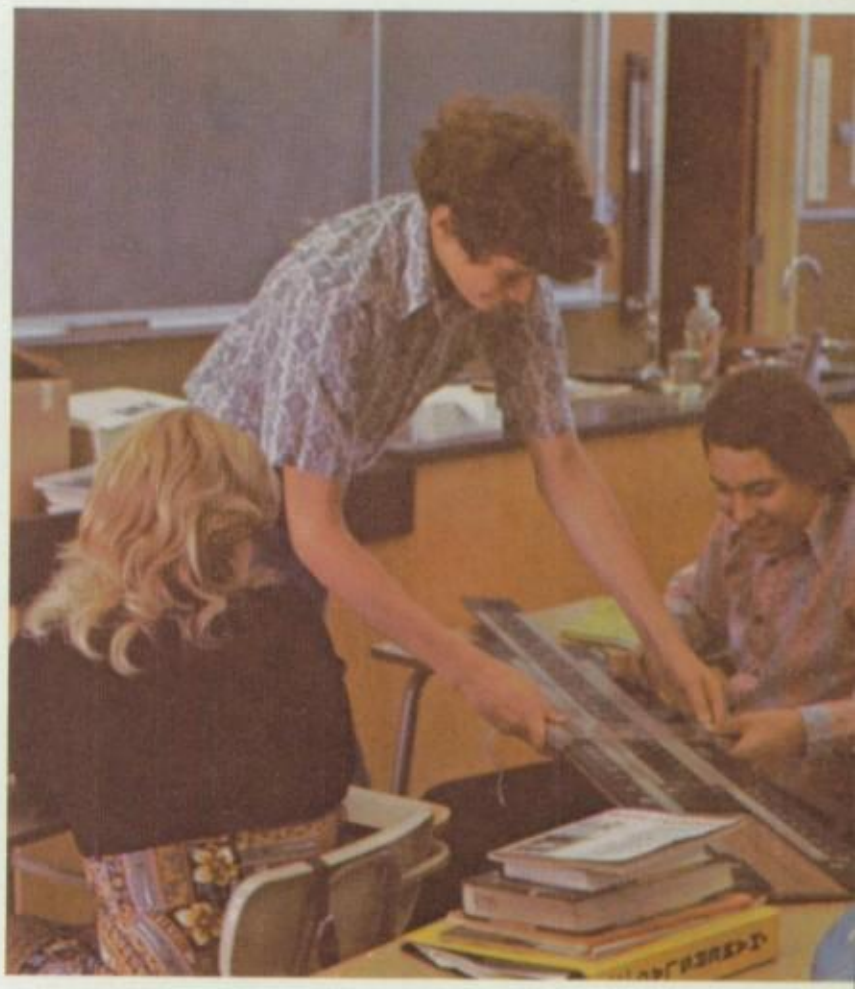


Perhaps the most valuable education of all is the ability to make yourself do the thing you have to do when it ought to be done, whether you like it or not.

Express Your Innermost Feelings



I am not bound to win
but I am bound to be
true. I am not bound
to succeed but I am
bound to live up to what
I have. I must stand
with anybody that stands
right: stand with him
when he is right, and
part with him when
he is wrong.
-Abe Lincoln

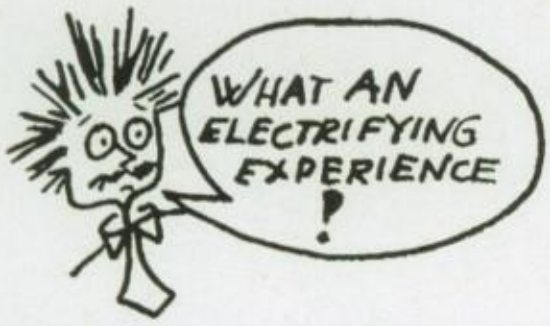


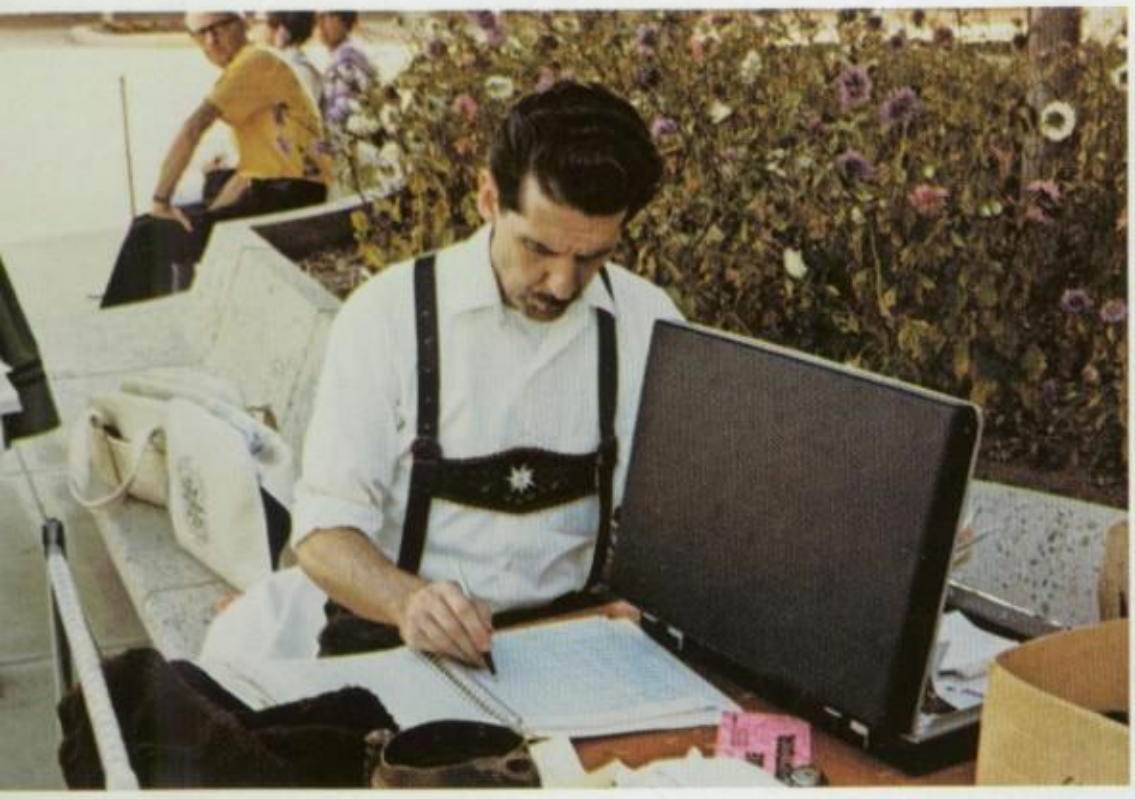
Discover Oneself And One's Ambitions

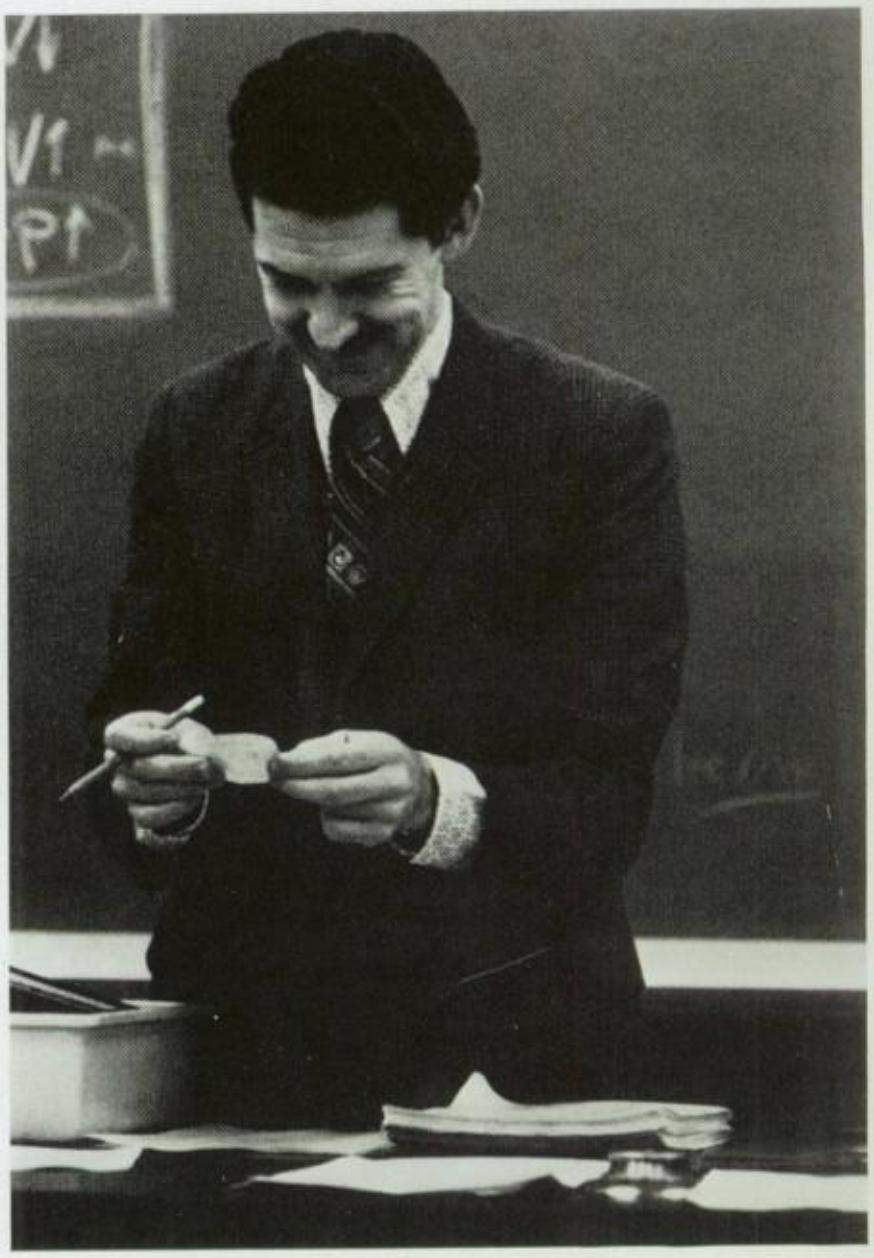
What a man is in himself, what accompanies him when he is alone, what no one can give or take away is obviously more important to him than everything he has in the way of possessions or even what he may be in the rest of the world.

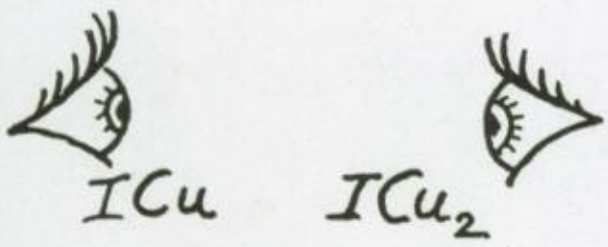
Live your life each day as you would climb a mountain. An occasional glance toward the summit keeps the goal in mind, but many beautiful sights are to be observed from each new passing moment and the view from the summit will serve as a fitting climax for the journey.
-Harold V. Melchert

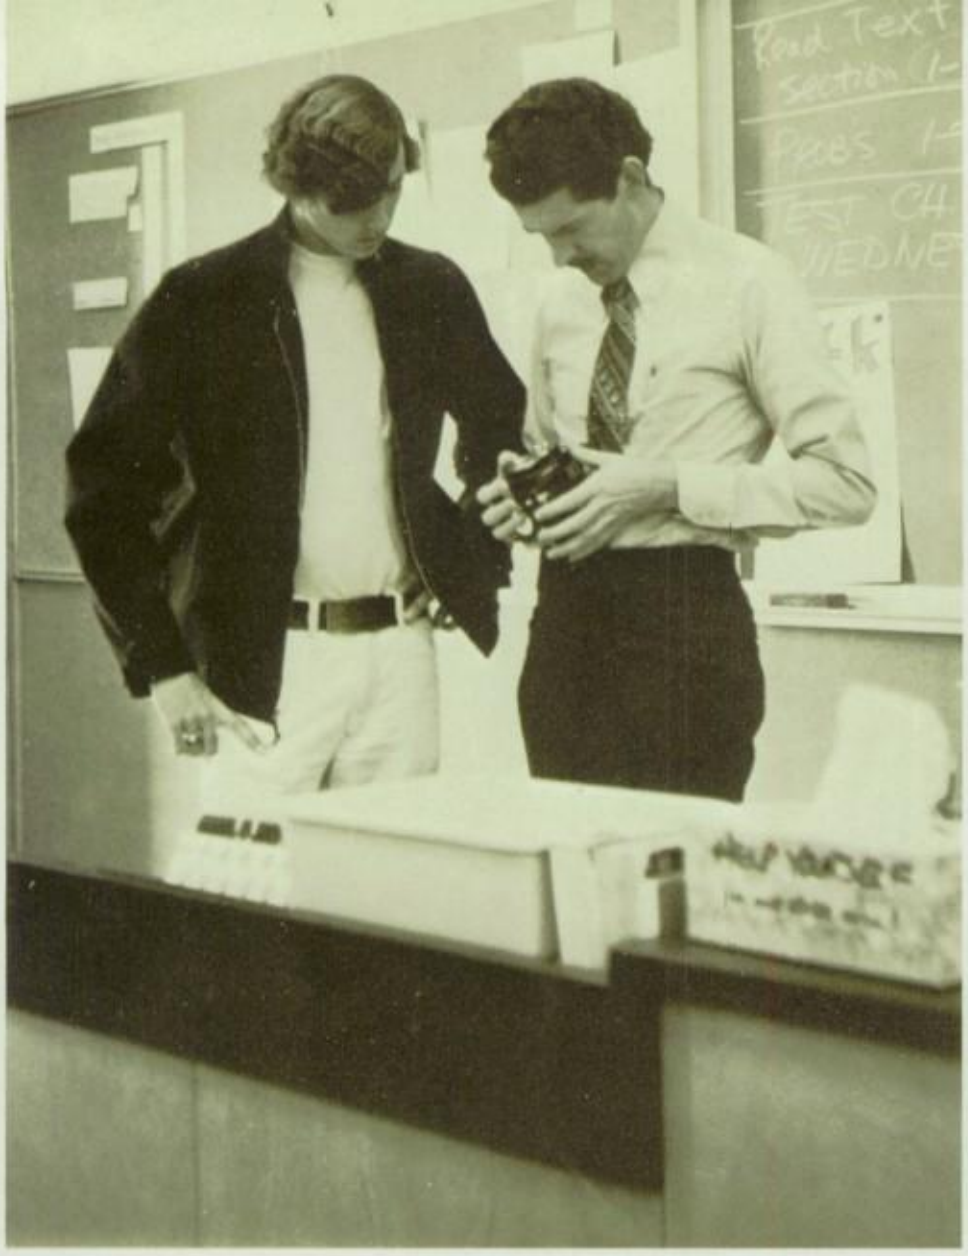
Dedication . . .
A Man
Living
His Life
To The Fullest

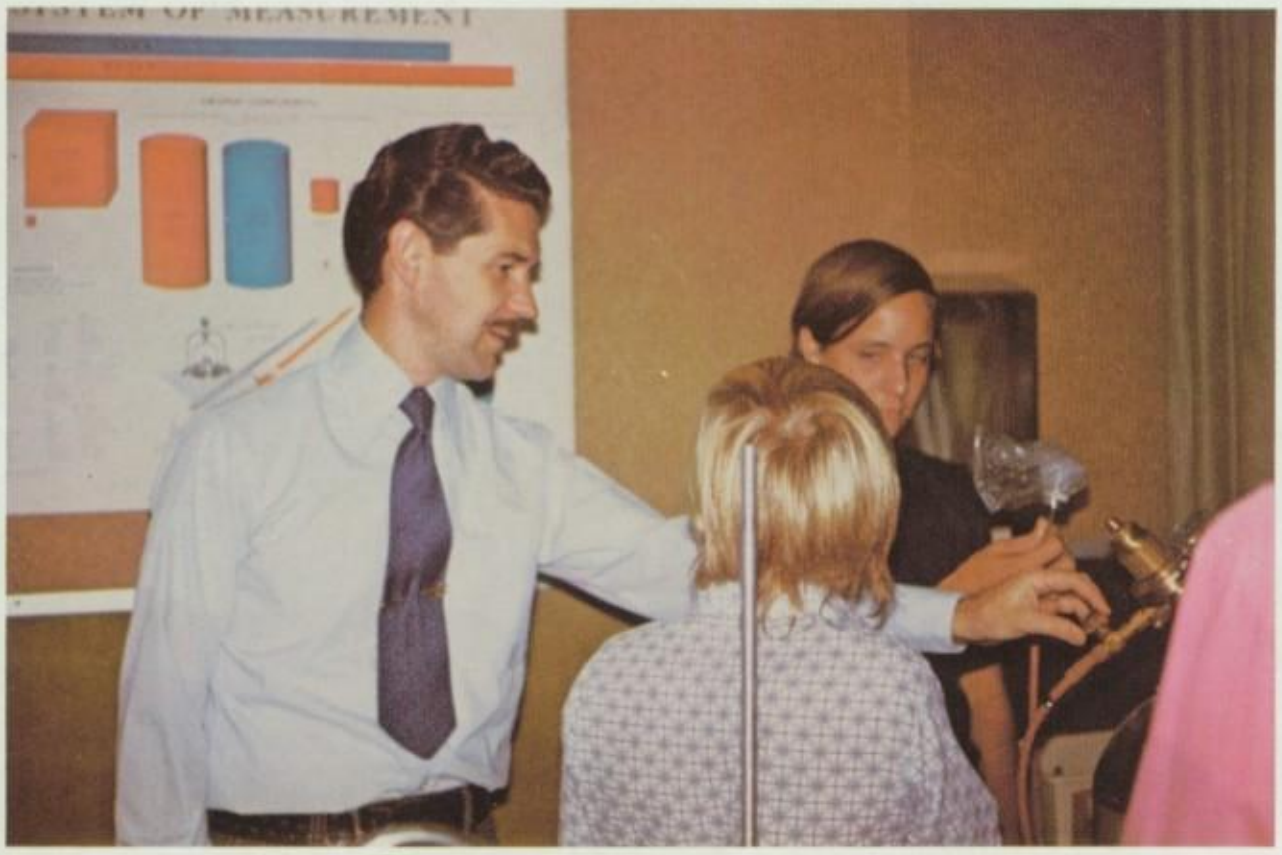




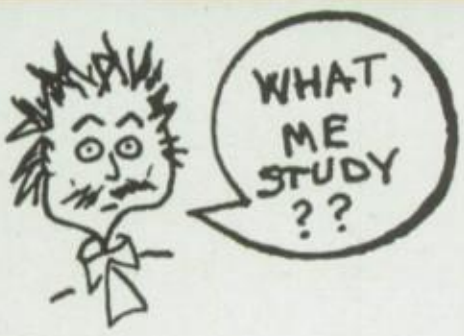




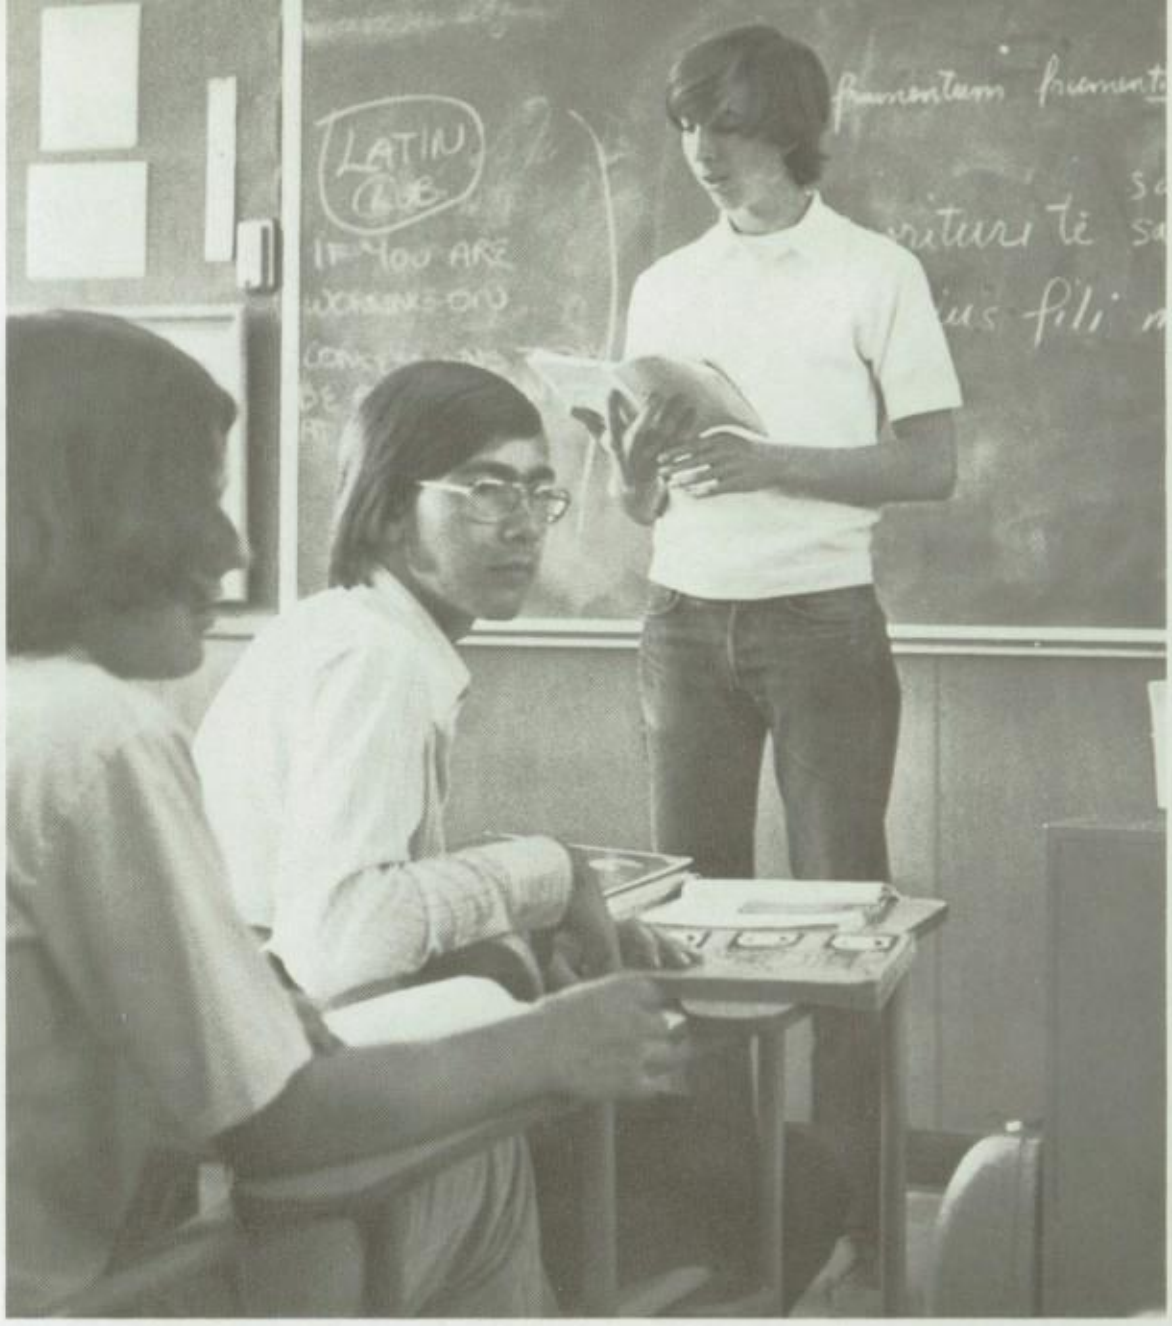




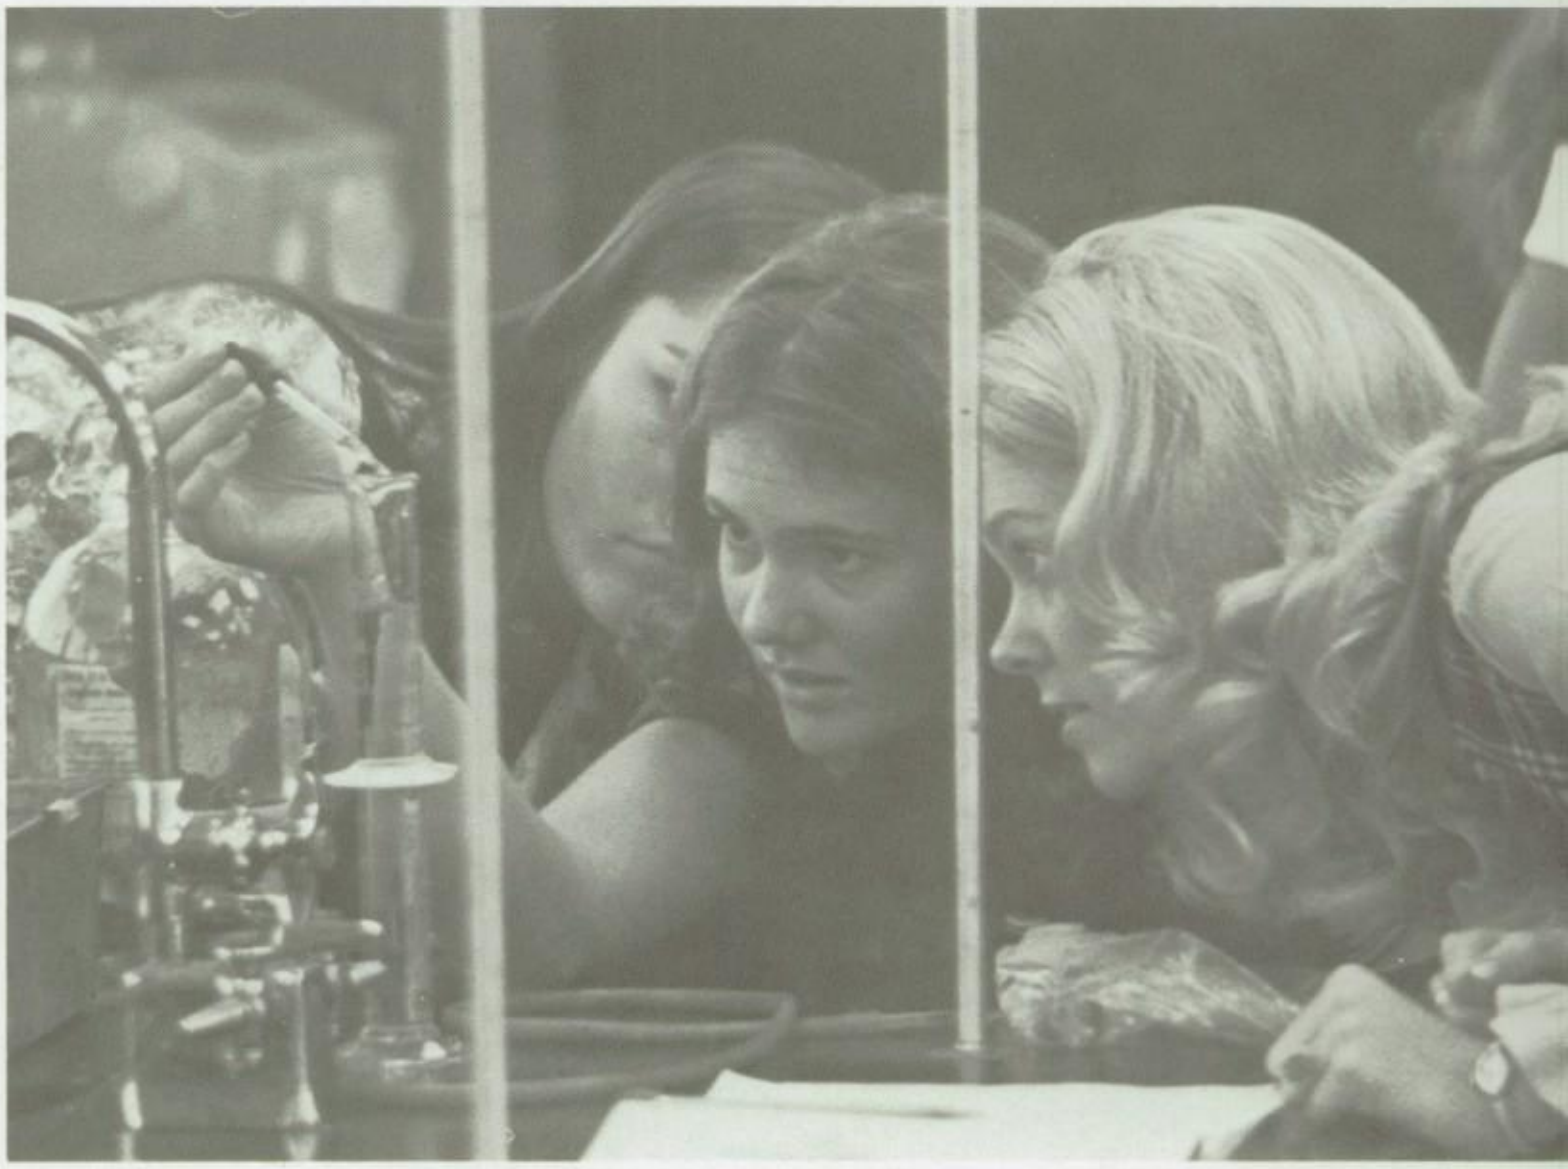
The Vintage '75 staff proudly dedicates this book to Mr. Ned Gault. As a teacher, he utilizes creative teaching techniques making each class both exciting and enriching. In addition, he enjoys various other hobbies including music, photography, and dancing. Leigh is most fortunate to benefit from these hobbies. One frequently sees him acting as choreographer for a Leigh production, snapping a candid of a student, providing international dance entertainment at the Language Festival, and offering the yearbook staff invaluable support. We are fortunate that he makes time to do the things he enjoys and shares his inspiration with others.



Learn As If You Will Live Forever



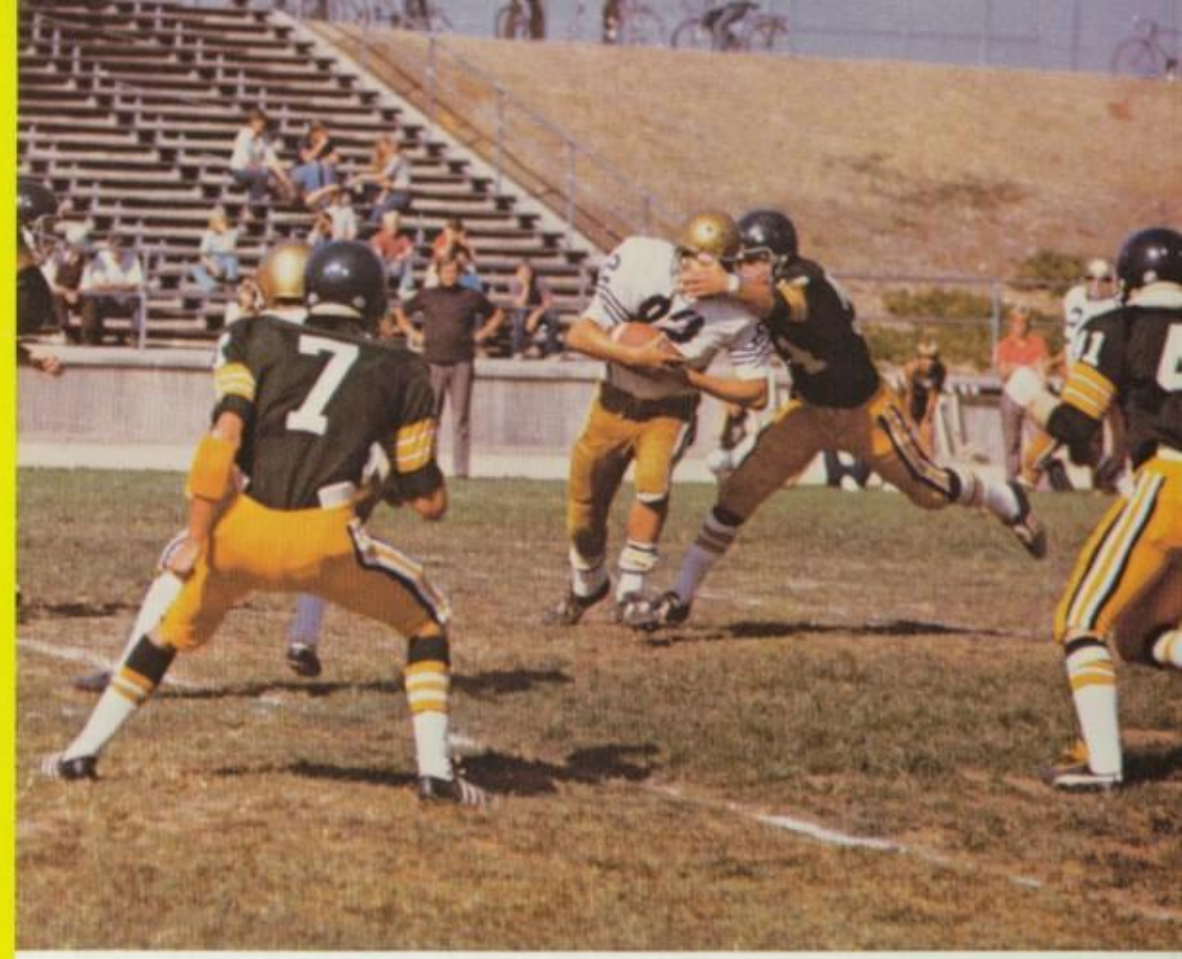
Education is a social process. . . Education is not preparation for, but life itself.



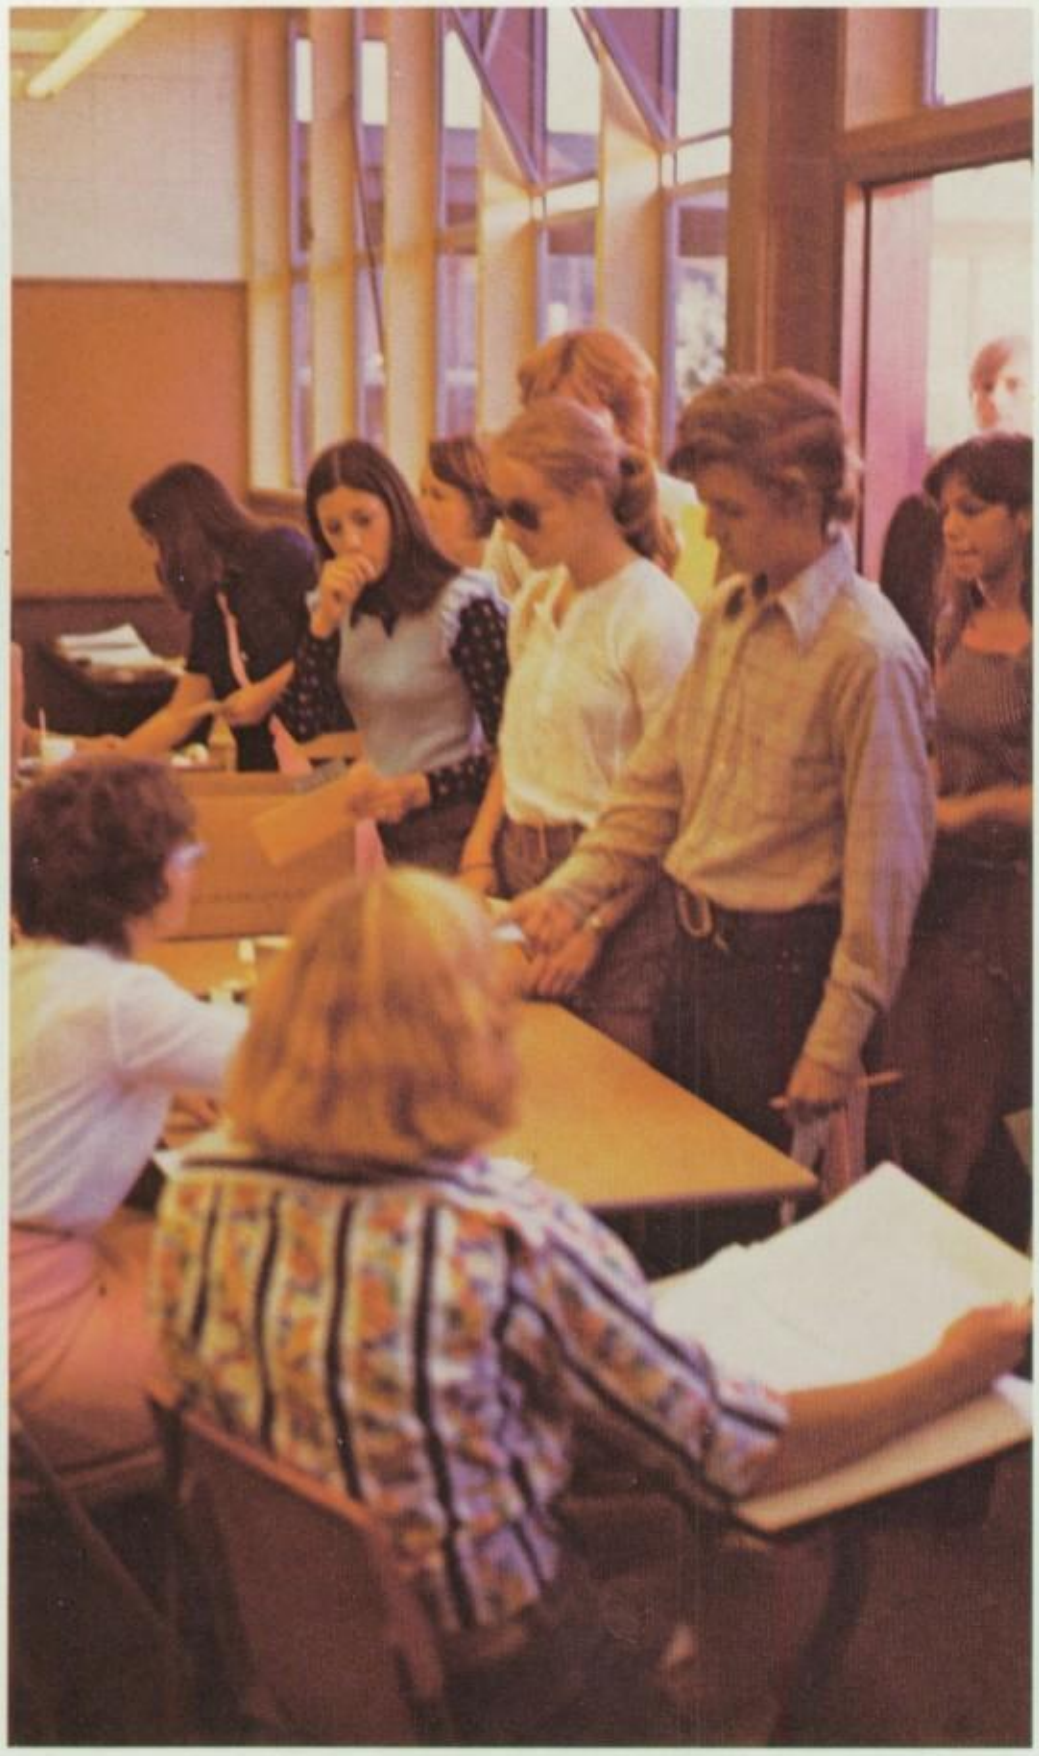
Change And Progress

Change does not assure progress, but progress undoubtedly requires change. Education is essential to change. Education creates both new wants and the ability to satisfy them.

Accept What Life Gives



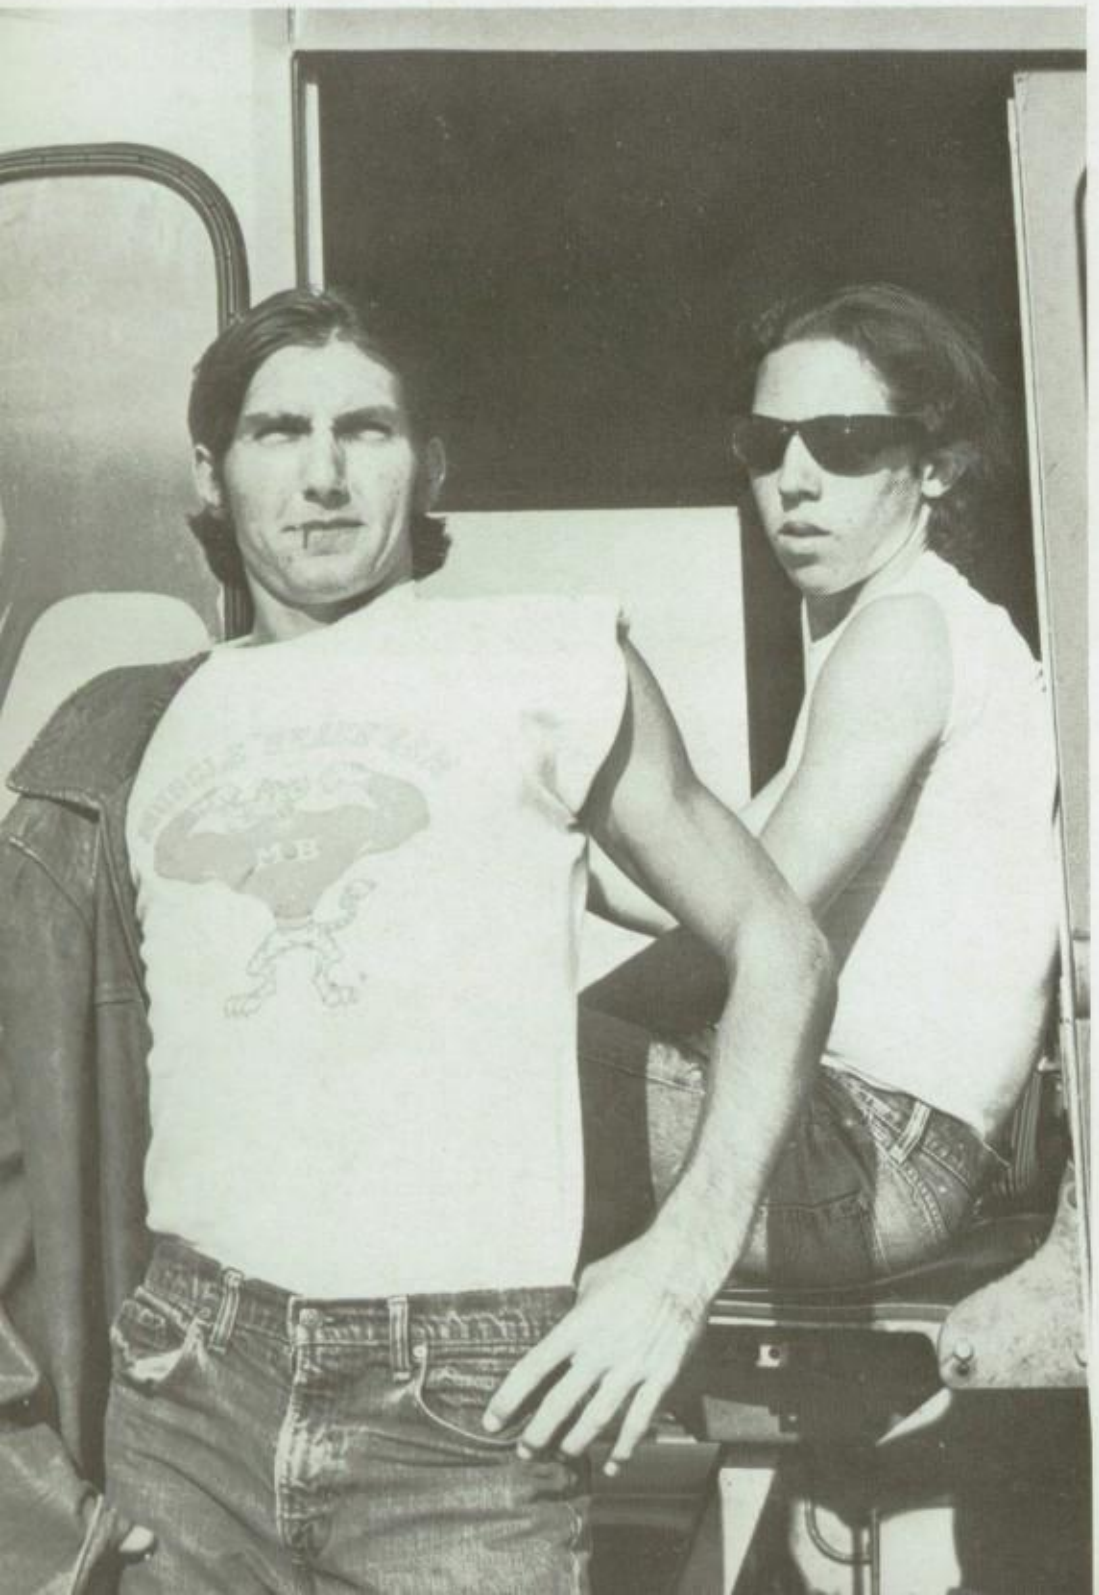
Is not what he has, but what a man does and is, which expresses his true worth.



It is right to be content with what you have, never with what you are.

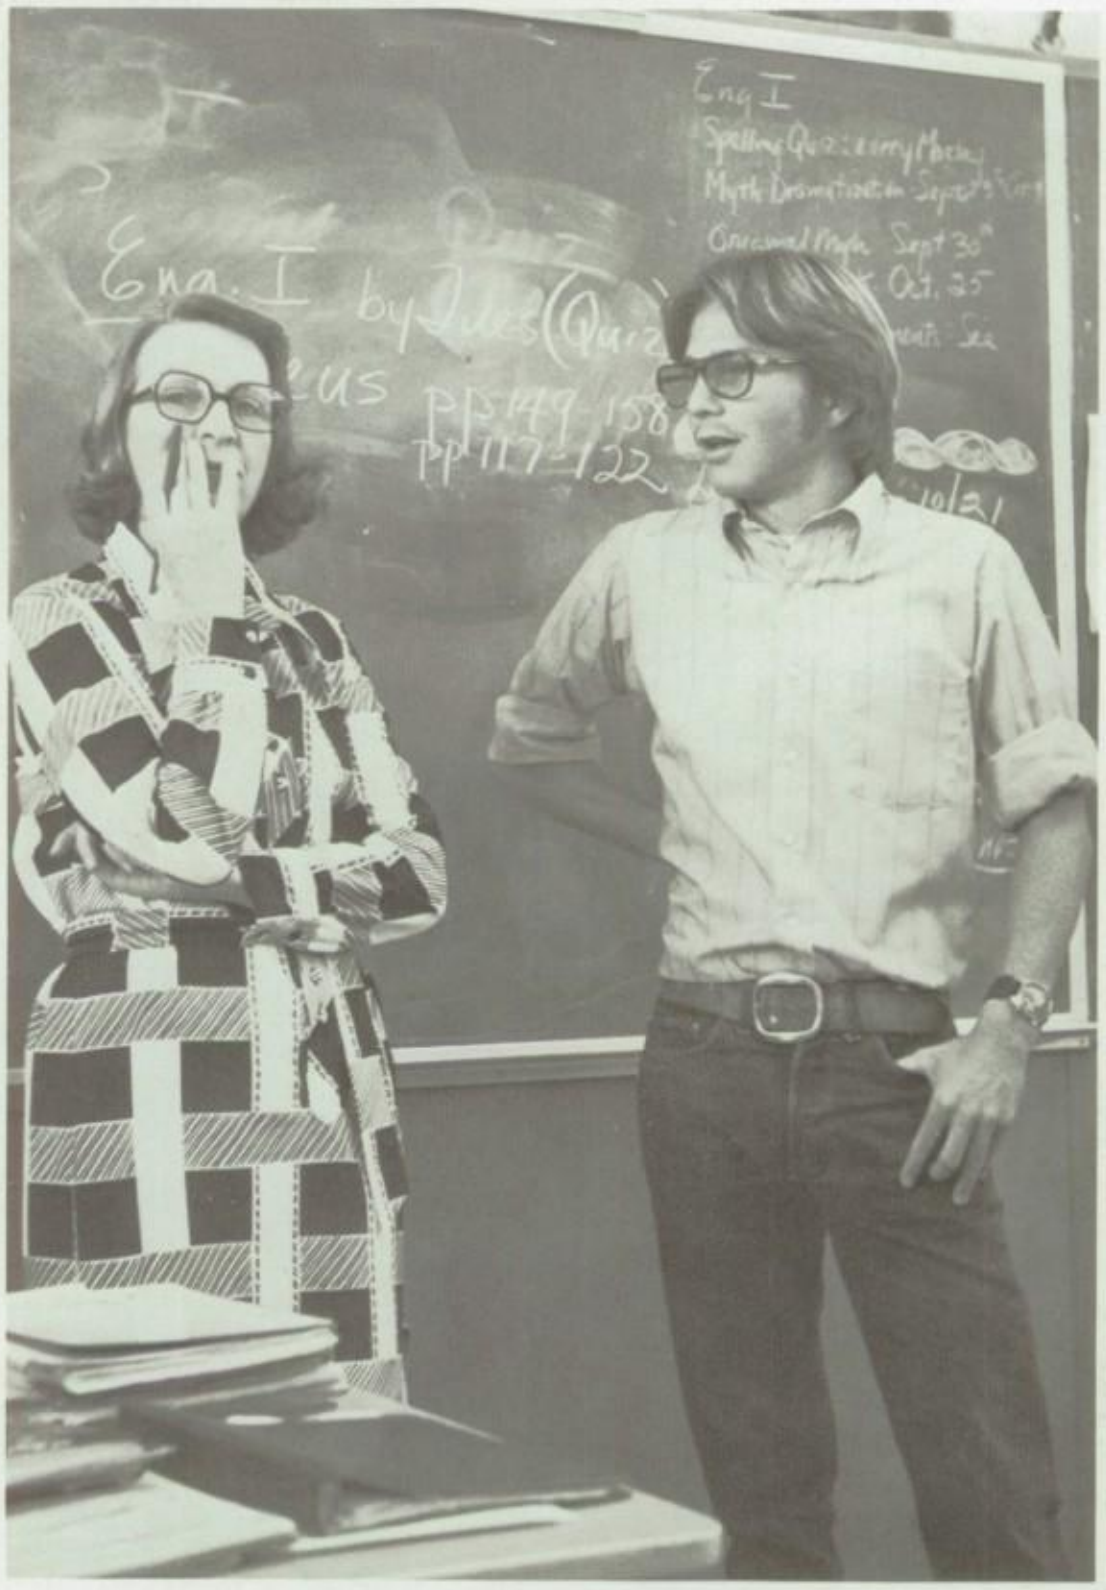
All that we are is the result of what we have thought. The mind is everything, what we think, we become.

Accept Others For What They Are



Sunshine is delicious,
rain is refreshing,
wind braces up, snow
is exhilarating,
There is no such thing
as bad weather, only
different kinds of
weather.
-John Ruskin

Be All You Can Be



Use the talents you possess, the forest would be silent if no birds sang there except those that sang best.
-Henry Van Dyke

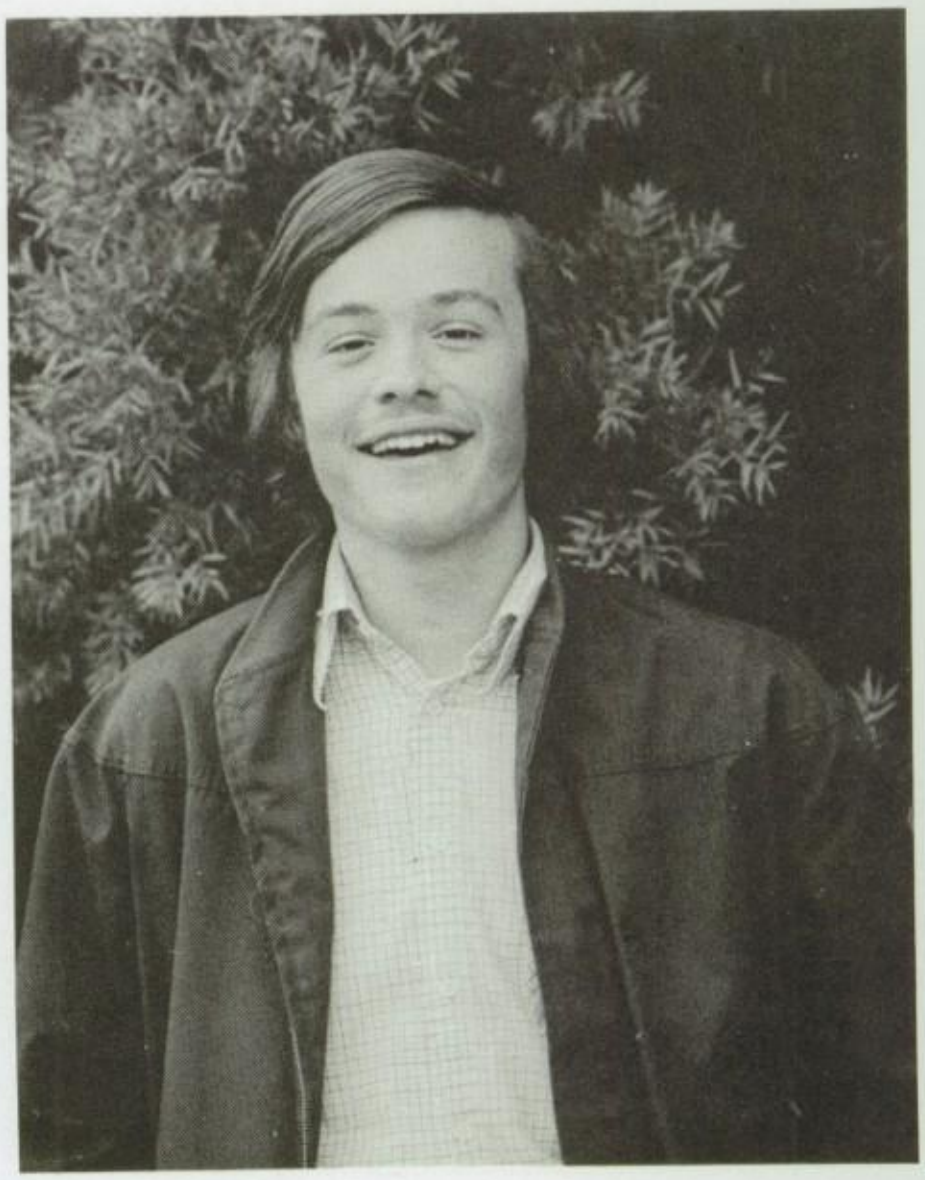
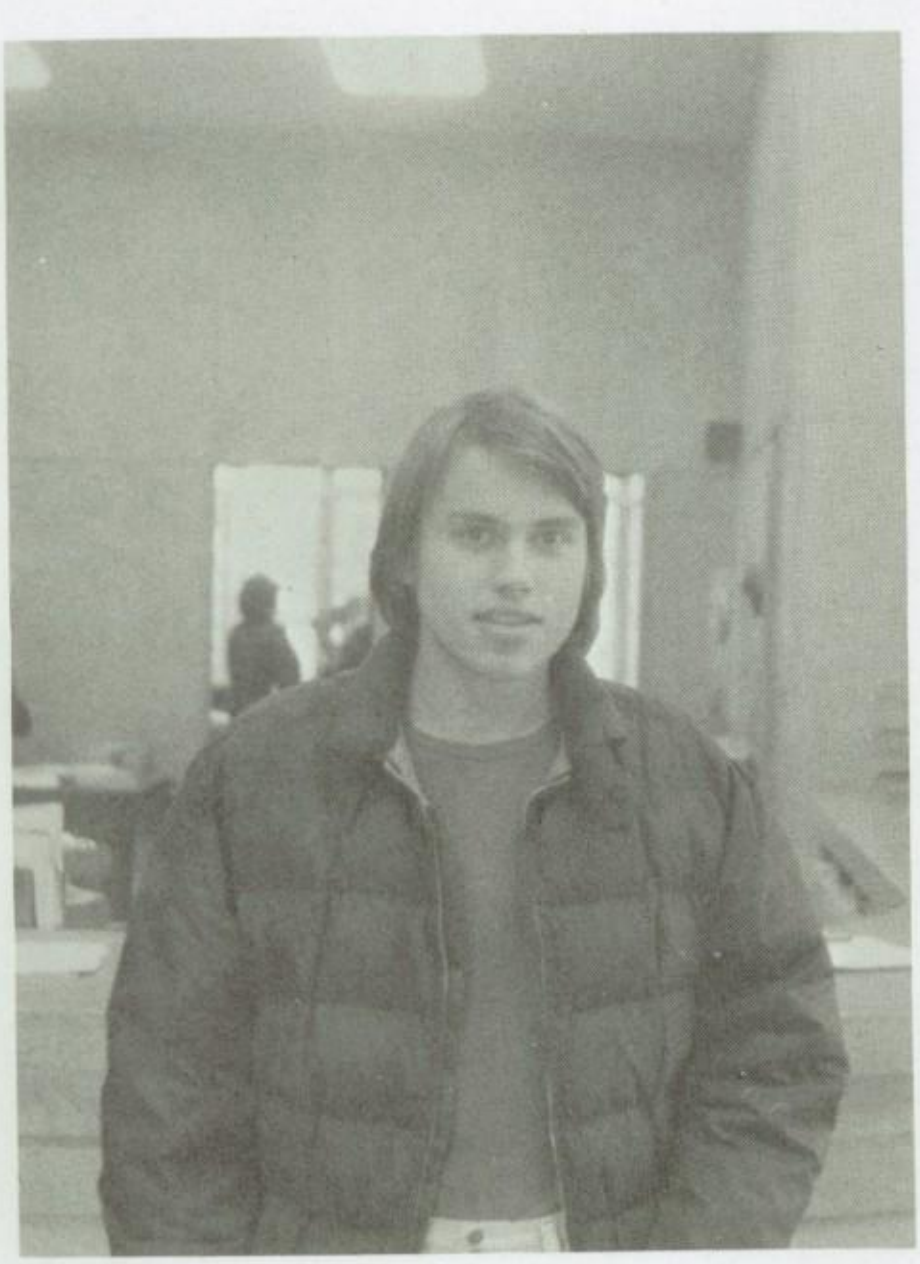
Foreign Exchange



Hi there: I am Cato Gulli from Oslo, Norway. Since August 1974, I have been staying as a Youth For Understanding student in San Jose.
While I have been attending Leigh High School, I have been enjoying myself very much. My studies about America, your nation, have been very interesting, and during Public Speaking and Business Law I have been gaining more knowledge about your society.
I would like to thank all my great teachers, especially my U.S. History teacher, for always being helpful and understanding to me as a foreign exchange student. The school staff has been great too.
Thus, I am giving up one year of school in Norway, but I think I have gained more experience here than any school can give me. At last, to all my good friends, thank you all so much for a great year.

Hadet Bra,
Cato Gulli



Hi: I'm Hakan from Gothenburg, on the west coast of Sweden. This is one of the best years of my life. I want to thank all the people at Leigh; the principal, who arranged for me to come here, the teachers, who are always nice to me even if I'm not always a "good boy", my counselor who is helping me a lot and all the nice students. I also want to thank my great family, the Sappingtons, who are helping me a lot and making this a fantastic year for me.
The schools in Sweden are very different from the ones here. We have to go to school for nine years. After that we can go to work or go to a three year school, which we call the Gymnasium. When I get back I have one year left in the Gymnasium. We have about 13 subjects and we study a lot after school. Languages are required in Swedish schools. When we are 12-13 years old we start with English, then at 14-15 years we have to take French or German. If we continue with the Gymnasium, we have to take one more language. Languages are very important in Sweden because of the size of it. The population is about eight million and we have many connections with other countries.
I like the school here better because you have many more school activities than we have. In Sweden, there is nothing to do in the afternoons at school.
I was here three years ago for five weeks and now I see that you have to live here as a member of a family to see how it really is. I'm planning to come back and maybe live in the U.S. when I am finished with my education in Sweden. If you go to Sweden, come and see me and I will show you that Sweden is a great country too.

Hakan Spangberg
Egmontsg 12
41270 Gothenburg
Sweden

Hi: I'm Heikke, the YFU student from Finland. Having to deal with a new country, new school and new people has made this year a real experience for me. I have learned so much about your government. ACG; Debate and US History have helped me to get more understanding about your policies.
I like sports a lot. Here I have much more opportunity to practice than in my school in Finland. Here we have PE every day, in Finland only twice a week. In my math class I've learned math but I've also learned the meaning of openness in discussion.
It has been really neat to live with people who have totally different backgrounds than I do, so I have gotten more insights to my thinking. I would like to thank all Leigh High students, my teachers, my counselor and my great American family. You all have helped me and have given me a great year. Come to see me in Finland.

This year here in America, especially Leigh High School, was a great experience: 200 cheeseburgers, dances, cheerleaders and finally your first dream in English.
When I go back to Germany, I will go to school three more years, then to a University to study psychology.
I enjoy travelling throughout foreign countries, having free time to spend with my animals, playing musical instruments, hiking, reading and much more.
I think the greatest problem an exchange student has is the language. If you say something, everybody is staring at you--just staring.
The people are very, very nice and friendly. Many have helped me to enjoy this year which I will never forget. I hope I will have time to come back here within a year.

Future Business Leaders of American or FBLA is a local, state and national organization designed for those students interested in pursuing a business related occupation. FBLA involves using skills such as typing, shorthand and accounting and competing in essay, vocabulary and public speaking contests.

FBLA members participate in four types of activities:

1. Vocational understanding- includes field trips to businesses, speakers, and contests at the local, state and national levels.
2. Civic concern-includes school as well as community services such as helping out at school activities, donations to charitable organizations, etc.
3. Social intelligence-getting involved which in most cases is more fun than work. Dances, intra-mural sports, roller skating, pizza parties, and meeting students from all over California.
4. Leadership development- gives you an opportunity to develop leadership abilities by organizing chapter activities, attending conferences, competing in contests, and running for office.

Publicity Commission provides and produces advertisement, for publicity purposes, for other clubs and commissions at Leigh High School. This year's posters include those for the Drama Club's theatrical productions and the posters for the Senior Citizen's Day. All of these posters are produced through the process of serigraphy. The commission is very grateful to have Judy Hanshue Lozano, a statewide recognized serigraphy artist, as its advisor.

Mike Sullivan, Katny VanGastel, Mike Vichus, Jim Wagner, Richard Wagner, Bob Weaver, Sharon Wilson, Sue Wilson, Ken Wyckoff, Leonard Sayles, David Stock

The list of people who devoted their time and energy to the publication of this year's Vintage seems endless. My deepest thanks goes to each and every one of them. This year's staff faced many difficult problems. Between the shortage of pictures and money and the inexperience of the staff, it's a wonder the book was published at all. It took many long nights and weekends of work to meet each deadline.

Many of our photos were taken by Photo Commission. Special thanks goes to Mr. Gault, the advisor, Ed Schilling, who took many of our candid shots, Arnold Kessler who took many of the group pictures, and Leland Folsom who took many of the sports pictures. Thanks also to Mr. Tom Jones for taking the picture for the cover of this year's Vintage.

Don Wilson, our representative from Pischel and Mrs. Mooers, last years advisor, have been very helpful in times of crisis.

Doug Johnson, Dave Bartlett, Mike Desjardin and Nola Bailey, the section editors, did a great job and made my task much easier. Janet Spalding, Cyndi Eckert, Pam Murphy and Mary O'Connell are to be congratulated for their constant attendence in both good times and bad. Nancy Dison has my deepest appreciation for sharing her experience and time with the staff. A special thanks goes to Ms. Moser without whom this annual could not have been published. She cancelled many of her plans and spent much of her own time working to meet deadlines.

Thanks also to the advertising staff, especially Kris Kevorkian, Clayton Johnson and Sandy Schram, for making it possible for us to have a larger book.

Dave McCormick
Editor
